Läsanvisning och täckning

Varje avsnitt har lästs i sin helhet och endast konspiratoriskt tänkande har extraherats. Fynden nedan är sorterade per delteori (A–M), oavsett i vilket avsnitt de sades. Varje punkt anger datum, talare (där identifierbar) och ett kort ordagrant citat eller referat. Citat är på engelska; transkriptionerna är autogenererade och namn kan vara felstavade. Ingen värdering görs.

Tre avsnitt saknade konspiratoriskt innehåll (1 juli, Sid Roth-intervju; 17 juni, John Bevere; 6 maj, “Don't Make It Religious!”), och 24 juni innehöll endast en enstaka randanmärkning. De grävsta och mest utvecklade delteorierna är valfusk (A), media som samordnad propaganda (E), planerad migration/islamisering (I) och andemakter bakom institutioner (J).

A. Valfusk och riggade val

Den mest genomgående delteorin: att val stjäls eller riggas via röstmaskiner, poströster, ballot harvesting, icke-medborgare som röstar och osäkrade röstlängder. “The steal” (2020) återkommer.

- (8 juni, Wendell Hutchkins) demokratisk “machine” som “harvestar” röster på äldreboenden och i hemlöshetsläger via betalda operatörer.
- (4 maj, Dinesh D'Souza) “the least secure election in US history... a minimum of 6 million votes showed up in 2020... then promptly vanished”; nätverk som “cook up votes almost at will”.
- (4 maj, Mark Meckler) “people on the right say the election was stolen. I think it clearly was... Dinesh has provided ample evidence.”
- (2 juni, Hank Kunneman) “this lunacy where they take forever to count their votes. That's where the steal comes in.”
- (29 maj) uppläst inslag om somalisk-amerikansk rådsmedlems make som påstås ha hjälpt lämna “multiple ballots... all listed as 01/1... mismatched photo IDs”.
- (12 maj, Dominion-kontraktör, klipp) “What I witnessed at the TCF center was complete fraud... batches of ballots... counted 8 to 10 times... not a single ballot... for Donald Trump.”
- (12 maj, James O'Keefe-klipp) röstköpsring i San Antonio, “\$5 to \$8 per vote”.
- (11 juni, Trump-klipp) “mail-in voting where you have people that are sent eight ballots... Look at California... Those elections are so corrupt.”
- (5 juni, Mike Lindell) “the 2020 election was a big blessing where opened people's eyes. The fraud now...”; spenderat “\$80 million” på “the fraud”.
- (12 maj, Rick Green) Kina “drop babies... that 20 years from now... can vote” via birthright citizenship; census bör inte “count illegals”.
